1. Things to think about

We all love that feeling of coming home to a comfy sofa or armchair. When we sink into our favourite spot, everything in life feels perfect.

– Do you need more support when you sit or lounge on your sofa?

Soft, firm, or something in between? Whether you like extra cushions or thick and firm padding, there's a sofa or armchair with just the right level of comfort for you.

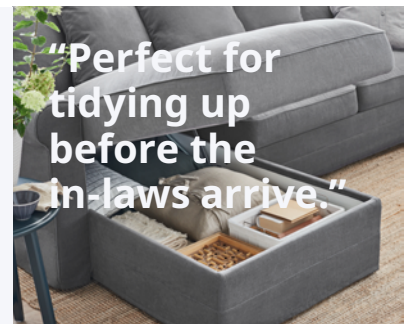

– What size and type of sofa do you need?

Do you need a 2-seat or 3-seat sofa? Is a sectional or modular sofa a better option? Remember to measure the area so you know how much space you can use.

– How will you use your sofa?

Do you do a lot of entertaining? Is your sofa your favourite place to nap or settle down with a good book? Maybe you need wider armrests for your cup of coffee and the TV remote control. Do you need an extra bed? What about extra storage?

– What kind of material on the cover is optimal for your needs?

Does your life need a fabric covering that's easy to keep clean and durable enough to stand up to sticky fingers? Or do you prefer natural fibres and the look and feel of velvet or natural grain leather?

– What's your favourite sofa style?

Modern, classic, or trendy - there's an IKEA sofa that will suit your sense of style.

2. Sofas

Classic, super-stylish or relaxed and comfortable?

What's your sofa style? We've got sofas that will suit your style, space, and need. Kick back, relax, and check out all our sofas. We've got plenty of sofas that you'll love.

Duration of Limited Warranty

Each limited warranty lasts for the number of years stated against each product below, starting from the date of purchase.

How to reach us if you need assistance

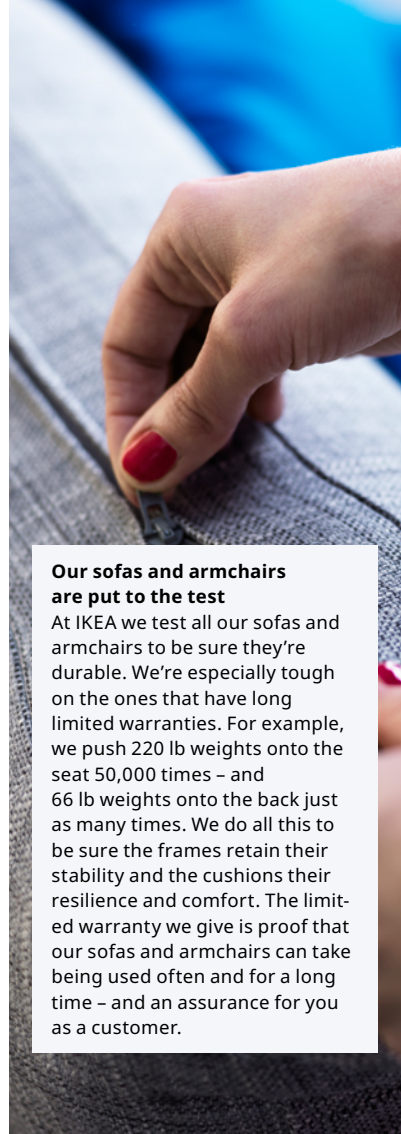

Contact your local IKEA store. You will find it at www.IKEA.ca

Save the receipt

It is your proof of purchase and required for the warranty to apply. If anything happens, or if you're not satisfied, just contact us at www.IKEA.ca

Our sofas and armchairs are put to the test

At IKEA we test all our sofas and armchairs to be sure they're durable. We're especially tough on the ones that have long limited warranties. For example, we push 220 lb weights onto the seat 50,000 times – and 66 lb weights onto the back just as many times. We do all this to be sure the frames retain their stability and the cushions their resilience and comfort. The limited warranty we give is proof that our sofas and armchairs can take being used often and for a long time – and an assurance for you as a customer.
